

# Partner Success Story

## Our Partner

A top ranked school district in Houston, Texas, serving over 96,000 students and families across 78 schools.

## The Challenge

Our partner supports a majority-minority student population, requiring culturally responsive inclusive educational support. With a 16:1 student-teacher ratio and consistently strong math and reading outcomes, the district upholds rigorous hiring standards.

- Only 50% of applicants are interviewed
- Of those, only half are hired

The district's commitment to excellence requires a staffing partner who can provide exceptional candidates while aligning with their mission, values, and expectations.

## Our Solution

For over 7 years, Soliant has been a trusted partner, delivering top-tier special education professionals through:

- **Deep education expertise** and a wide network of qualified candidates
- **Targeted recruiting strategies** that prioritize quality over quantity
- **Account executives** who understand and align with the district's culture and standards

This approach ensures every candidate meets strict credentialing requirements and contributes meaningfully to the success of students, parents, and educators.

## Results

- Doubled year-over-year placements
- Preferred staffing partner for SLPs
- Faster fill times with highly qualified candidates
- High satisfaction with strong candidate-district alignment
