

Partner Success Story

Our Partner

Located in urban Pennsylvania, our partner serves over 16,000 students across 23 schools, with a highly diverse student population.

The Challenge

The district oversees high-need student cases that require continuous provider coverage. When staffing gaps arise, affected students are unable to attend school. Furthermore, the lengthy client requirements for the onboarding and credentialing process, typically take about 3–6 weeks, adding complexity to meeting urgent staffing needs.

Our Solution

Since partnering with the district in 2023, Soliant has become the primary staffing provider based on our ability to successfully place quality candidates with school board approval. Our consistent rates, reliability, and responsiveness have strengthened leadership's confidence while effectively meeting the district's unique staffing needs.

- Expertise in Paraprofessional, Behavioral, and Nursing placements
- Strong collaboration with district administrators to manage high-volume placements and unique cases
- Regular on-site engagement to maintain clear communication and alignment with program goals

Results

- Growth from 2 contractor placements to 50+ active contractors annually
- District's primary staffing provider
- Maintain exceptional retention and renewal rates driven by strong performance
- Deliver measurable improvements in continuity of care for students requiring consistent support

Key Metrics

Average of **50+** placed professionals annually

High contractor satisfaction reflects a **positive, collaborative partnership** with the district and Soliant

Demonstrated ability to **scale quickly** and meet specialized student needs
